You are invited to Sponsor the 2026 Summit for Cancer Immunotherapy

BioCanRx is pleased to be hosting the 2026 Summit for Cancer Immunotherapy Summit4CI in Vancouver, British Columbia.

Bringing together more than 300 leading scientists, clinicians, students and economists with representatives from industry, patient groups, charities and government, our 9th Summit4CI will take place March 29 to 31, 2026 – allowing participants to engage with incredible learning and networking while experiencing the beauty of springtime in Vancouver!

SUMMIT FOR CANCER IMMUNOTHERAPY

Looking to connect with clients or explore new business opportunities? Summit4CI 2026 will offer a number of networking opportunities – from the Opening Night Reception & Dinner and a Social Night Out to poster receptions, coffee breaks and more!

Bringing industry together with our research community is a critical component of the Summit4CI and our sponsorship packages offer a number of great opportunities to connect and build relationships.

Whether you sponsor an exhibit booth, poster session, or other opportunity at Summit4CI, your organization will be able to showcase your key messages and products and/ or services to a targeted audience, all while being recognized for supporting the exciting field of cancer immunotherapy!

This year's conference program is in development and will feature an exciting agenda and a stellar lineup of plenary and keynote speakers. The conference will explore the latest progress in cancer immunotherapy from scientific, clinical, industry and patient perspectives, through scientific presentations, inspiring keynotes and concurrent sessions. Poster sessions will offer insights into research underway across our BioCanRx network, and networking events will allow participants to engage with their colleagues from across the cancer immunotherapy continuum.

We are also pleased to have The Learning Institute (LI) returning. Developed by BioCanRx's Cancer Community Partnership formerly the Cancer Stakeholder Alliance LI Working Group and our HQP community, the LI brings together leaders from oncology patient communities and academics from the immunotherapy research community.

And our Highly Qualified Personnel HQP Day is also returning this year with a full day of sessions targeted at training the next generation of immunotherapy researchers and addressing knowledge gaps in clinical translational research.

We couldn't organize this conference without the support of our sponsors! Whether you are a new or returning sponsor, we hope you will review this year's sponsorship offerings and find an option that suits your organization's needs. Our Conference team is also happy to develop something that you might not see on the list.
